

Health Care

Carlyle residents do not have far to go for excellent health care. In fact, Carlyle is home to several health care professionals, including family physicians, a dermatologist, dentists, physical therapists, and chiropractors. World-class children's and research hospitals are also just a short drive away in St. Louis.

St. Joseph's Hospital

St. Joseph's Hospital - Breese, Illinois

Although located about 8 miles west in Breese, **St. Joseph's Hospital** is a valued part of the Carlyle community. St. Joseph's is an 85-bed acute care hospital with full inpatient, obstetric, surgical, and outpatient facilities. About 400 families per year select the Women and Infants Center for their labor and delivery experience. Two times per year, St. Joseph's travels to Carlyle to perform very popular health fairs and screenings. Carlyle residents often use St. Joseph's Hospital for their routine health care needs. St. Mary's Hospital

St. Mary's Hospital - Mt. Vernon & Centralia, Illinois

Equally important for the health care needs of the Carlyle community, **St. Mary's Good Samaritan Hospital** is located in Mt. Vernon and about 20 miles east of Carlyle in Centralia. St. Mary's is a not-for-profit corporation offering comprehensive, regional health care in a nine-county area, including Clinton County. The Centralia hospital maintains 180 beds. St. Mary's primary services include emergency care, medical/surgical, oncology, neurology, obstetric, cardiology, pediatric, and more. [Visit Website](#)
